URBINDI ART

Urbindi Art Collection by Lima

My name is Lima. I am an artist and the creator of Urbindi art and design.

I was born in Kerala, India and raised in Switzerland. Growing up in a very small town in Lugano, I always tried to find ways to express myself, and creativity, since a young age, is all I wanted to do. My inspirations of nature, music, different cultures and styles, is what brought me here.

I went from studying music, fashion styling, and finally found my true passion, my art. My work is inspired by my Indian culture, being raised in India until the age of two years old, my long history with bullism, and growing up in Switzerland with a multicultural family by my side.

Cultures, colors, elegance and edginess defines my unique drawings: mixing Indian heritage, using bright and vibrant colors, infused with silver and golden hues like rays of sunshine, and being inspired by the Swiss nature that surrounds me.
